CONGRESS ADJOURNS AFTER SKINNING LAFOLLETTE LIVE.

In the midst of a day's thrilling debate on alleged disloyalty of Senator LaFollette, of Wisconsin, the extraordinary session of Congress, which began April 2, and is generally regarded as the most momentous in American history, was adjourned sine die at 3 p. m. Saturday.

Vehement criticism of the Wisconsin Senator and his own defense occupying virtually the entire day, marked the close of the war session with other customary adjournment and legislative procedures including President Wilson's attendance at the Capitol. The usual eleventh hour crisis of legislation was put through, following six months of important war action, and to-night most of the members who had remained for the final day were enroute home to await the call of the next session December 3.

The halls of Congress have probably never before heard such scathing criticism of a United States Senator as that which fell from the lips of Senators to whom unalloyed patriotism had been inherited from their forefathers. LaFollette was unmercifully held up to the merited scorn of the America people in bitter vitriolic speeches by Senators Kellogg, of Minnesota, and Robinson, of Arkansas, who declared it would be a shame to mention even Benedict Arnold in the same breath with LaFollette, whom "even school children were beginning to shame and point the finger of scorn as the arch-traitor of America."

LaFollette replied with a three-hour speech in his own defense, but it will never strike the people of America as being more than a weak apology for having "given aid and comfort to the enemy."

Senator Kellogg, of Minnesota, and Robinson, of Arkansas, Democrats, replied with criticism of Mr. LaFollette's public statements. They denounced what they termed his unpatriotic stand, Mr. Robinson stating that if he held such opinions he would seek a place in the German Bundesart. Statements accredited to the Wisconsin member in his St. Paul speech were flatly contradicted, especially that regarding former Secretary of State Bryan's knowledge of ammunition being on the Lusitania before she sailed on her fatal voyage.

PROSECUTIONS AGAINST GAME LAW VIOLATORS.

Prosecutions in cases worked up by Special Game Warden Bush Bishop, of Paris, in Madison county, have resulted in stiff fines being assessed against game law violators in that county.

Some time ago Warden Bishop made a special trip to Madison county, where he placed M. W. Anderson, of Woodford county, under arrest on a charge of hunting without a license. In the County Court a fine of \$15 and costs was marked up against Anderson. The latter had Warden Bishop arrested on a charge of trespassing. When the case was tried Bishop was promptly discharged. Another charge against Anderson for trespassing was dismissed on the ground that he was acting as agent for the owner of the land, Mrs. Chenault.

The case of Warren Stoner, former Parisian, who was arrested by Warden Bishop, at Olympian Springs, charged with killing doves out of season, and another charge of using abusive and provoking language toward Warden Bishop, were also tried. A fine of \$25 and costs was assessed on the first charge, while the second case was continued until Oct. 16, on account of absence of important witnesses whose testimony was needed.

Warden Bishop arrested Thos. Curtis, Charles Curtis and Thomas Arbuckle near Richmond last Friday, charged with hunting without a license. Their cases will be heard in the Madison County Court to-morrow.

The law-abiding sportsmen of Madison are giving their hearty support to Warden Bishop, and telling him to enforce the law regardless of who it hurts.

STORAGE MANUALS RECEIVED

A large bundle of storage manuals issued by the National Food Garden Commission at Washington in the food conservation campaign, has been received in Paris by Miss Imogene Redmon, Librarian at the Paris Public Library, for distribution in the food conservation campaign.

These manuals are intended for free distribution. Extra copies can be obtained by readers of THE NEWS by addressing Mr. Charles Lathrop Pack, president of the National Emergency Food Garden Commission, 210-220 Maryland Building, Washington, D. C.

GERMANY IN DESPERATE NEED OF FOOD.

Information reaching the government recently from abroad indicates that while Germany is preparing to increase the bread and potato rations because of good crops, the nation is in desperate need of food.

The American embargo, if maintained, officials say, will still further reduce Germany's supply since Holland continues to send across the border large amounts of dairy products.

AWARDS MADE IN CANNING CLUB EXHIBIT SATURDAY.

The display of the industry of the Girls' Canning Club of this county, as typified in the canning of fruits and vegetables, preserves and pickles, which was held in the office of Miss Mabel Robbins, County Superintendent of Schools, in the court house, Friday and Saturday, was a most interesting one, and attracted the attention of hundreds of people, many of whom had hardly ever given the matter a thought before.

The exhibit, which had been placed in position under the auspices of Miss Mary Fithian Hutchcraft, County Agent for Canning Clubs, was a most creditable one, as showing the ability and skill of both teachers and pupils. Each member of the Canning Club has canned one-tenth of an acre of tomatoes this year, and has canned, preserved or pickled the vegetable, with the result that ten thousand cans of tomatoes are now ready to be used in the homes of Bourbon county people, or to be placed on the local markets for sale. In addition to this "bit" the young ladies have canned a large number of cans of fruits and other kinds of vegetables.

At the meeting Saturday afternoon, when the awards were made, Miss Aubyn Chinn, of Lexington, District Agent of the Home Demonstration Work, was present, and made an interesting talk to the girls, in which she complimented them upon their faithfulness and their skill, and congratulated them upon their success. At the conclusion of Miss Chinn's address the prizes to the successful contestants were presented by Miss Mary Fithian Hutchcraft, as follows:

Best all-round exhibit of canned fruit, vegetables, pickles, preserves, etc., first, \$5 in gold by the City Federation of Clubs, Margie Lee Howard; second, \$3 by the Paris Literary Club, Kathleen Harney.

Best four jars canned fruit—First, silver belt buckle, by Mrs. W. H. Whitley, Frances Kenney; second, box of stationery by the Paris Book Store, Margaret Skillman.

Best four jars canned vegetables—First, silk hose by Mrs. L. L. Price, Margaret Skillman; second, croquet set, by Mrs. R. B. Hutchcraft, Lillian Donaldson.

Best display of preserves—First, silk hose, by Mrs. Charlton Alexander, Bernice Florence.

Best display of pickles—First, dainty handkerchiefs, by Mrs. R. M. Harris, Carley Swinford; second, box Miss Holladay's candy, by Mrs. Walter Payne, Bernice Florence.

Best display of jelly—First, handkerchief by Mrs. Duncan Bell, Bernice Florence; second, cash book, by Mrs. W. A. Johnson, Anna May Young.

Best jar tomatoes—First, silk hose, by Mrs. James Thompson, Kathleen Harney; second handkerchiefs, by W. Ed. Tucker, Ruby Elder.

Best jar soup mixture—First, silver drinking cup, by Mrs. J. W. Davis, Lucille Caywood; second, sweet grass basket, by the J. T. Hinton Company, Bernice Florence.

Best jar beans—First, by Mrs. T. T. Templin, Mollie Webb; second, granite kettle, by the Fair Store, Lillian Donaldson.

Best jar sauerkraut—First, pocket-book, by Mrs. J. A. Gilkey, Fanny Heller.

Best jar asparagus—First, \$2.50 in gold, by Miss Lucy Simms, Thelma Payne.

Best made cap and apron—First, box of candy, by the Misses Holladay, Eleanor Swango.

The First National Bank and H. S. Caywood have each offered \$5 for the greatest number of tin cans, filled by one girl, to be awarded the first of November. Four prizes for best kept record books will also be awarded then.

At the conclusion of the business session and the awarding of prizes the forty-four young women who contested in the canning exhibit, together with Miss Chinn, Miss Robinson and Miss Ashbrook, the latter of Cynthia, were guests of Miss Hutchcraft at her home on Second street.

PARISIANS IN TAG DAY "BARRAGE."

Pedestrians on the streets of Paris, Saturday, were subjected to the "barrage fire" of dozens of pretty girls, all armed with nothing more deadly than printed tags symbolizing "Tag Day" for the benefit of the Bourbon County Health and Welfare League.

They were here, there, and everywhere, and no man was so bold or so stingy as to dare try evasion with them. It would not work at all. There was no escape, and the contribution had to come and the tag had to go on.

Up to five o'clock the sum of \$261.79 had been realized, in addition to which a sum of money was taken in from the sale of a wagon-load of roasting ears, which had been donated by a liberal farmer, a friend of the League.

Large contributions of discarded clothing, shoes, etc., were received during the day at the office of the League, where they were received by Mrs. Harriet Minaker, the Visiting Nurse of the organization. Money and supplies of all kinds will be needed this winter for the League's relief work among the poor of Paris and the county. So every donation made for the purpose will be adding a little bit to what has already been done in the interest of one of the best charitable organizations in the city.

HARRY SIMON BUYS HARKINS STORE IN LEXINGTON.

Mr. Harry Simon, proprietor of the Simon Department Store, one of the largest mercantile concerns in Paris, closed a deal Saturday with Mr. Morris Harkins, proprietor of the "Harkins Store at Lexington, where by he becomes sole owner of the business, which has from a small beginning developed into one of the most flourishing trade centers in Lexington. The sale was made privately and the consideration was not given out by either Mr. Simon or Mr. Harkins for publication. Mr. Simon will remain at his old stand in Paris, and conduct the business here, at the same time taking active management of the Harkins Store, of which he was given possession yesterday.

Mr. Harkins was in business in Paris for some time, and while here took a handsome bride in the person of Miss Gussie Saloshin, a sister of the late Mr. Louis Saloshin, who has been engaged with him in conducting the business of the Harkins Store. After leaving Paris Mr. and Mrs. Harkins embarked in business in Somerset, where they remained for several years. About four years ago they came to Lexington and bought out the dry goods and ladies' ready-to-wear store of the late Mr. C. J. Meyers, on West Main street, where they have been doing a thriving business. It is understood that Mr. Harkins will return to Somerset, and engage in business with his brother, Mr. Israel Harkins, who has been in Lexington helping to close the deal with Mr. Simon.

The impression has in some way gotten out through the publication in a Lexington paper that Mr. Simon would sell out his business here and go to Lexington to reside. Mr. Simon says nothing is further from his thoughts, that he is well-satisfied with Paris, that his best friends and acquaintances are Paris people, and that he will still remain here, but will conduct both houses. And those who know Harry Simon as an honest, conscientious, progressive business man are glad that it will not be otherwise, for Paris could ill afford to lose many like him from the business life of the community.

MR. GOODE ADDRESSES PARIS WOMEN ON CONSERVATION.

Mr. Denny B. Goode, of Lexington, former newspaper man, all-round good fellow and secretary of the Lexington Board of Commerce, addressed the women of Bourbon county at the Paris court house Friday morning at 10:30 o'clock on the importance of organizing a Community Thrift League in Paris, and in regard to the conservation of food by Bourbon county housekeepers. Mr. Goode was recently made Assistant State Director of Food Control, and his present work is in that capacity. Miss Lucy Simms, of Paris, is Chairman of the work in this county.

ELLIS AUTHORIZED TO REOPEN DRAFT CASES.

Adjutant General James Tandy Ellis and not the Governor is authorized to request the reopening of a case of a drafted soldier whose appeal has been finally determined by exemption boards. A telegram has been received by Governor Stanley from the War Department stating that the request for the reopening of such cases should be made by the Governor. An inquiry was made to determine the correctness of this telegram and Adjutant General Ellis received notice from the War Department that it is the duty of the Adjutant General, and not the Governor, to review such cases.

The notice also stated that a reward of \$50 would be paid for the delivery of a deserter to any army camp or post. A person who fails to report to his local board for military service at the time specified in his order to report is a deserter. Adjutant General Ellis has notified the War Department that 13,080 of Kentucky's 14,236 men have been certified to the department.

"SAFE IN FRANCE."

"Safe somewhere in France" was the substance of cablegrams received here last week by relatives of Lieut. Reuben Hutchcraft, Jr., of Paris, and Lieut. Robt. Jones, of North Middletown, the first Bourbon county boys in the service to touch s'French soil. After several months' intensive training at Ft. Benj. Harrison, Lieut. Hutchcraft and Jones came home on furloughs, and after spending several days with friends and relatives, were recalled by orders to report immediately at New York for destination in the service "somewhere in France."

BARROW HOSPITAL UNIT READY TO GO TO FRANCE.

The names of the 250 physicians, enlisted men, nurses and office workers who will serve in the Dr. Barrow Base Hospital Unit No. 40 for service on the battlefields of France, have been announced by Dr. Barrow. Announcement of the completion of the unit has been made to the Red Cross headquarters in Washington, and orders are expected any day directing them to proceed to some point for a short course of intensive training, and embarkation for foreign service is expected to follow shortly. There will be twenty-three physicians, sixty-five nurses, four office employees and 151 enlisted men in the service. Of the latter, seventy-six enlisted from Lexington, most of the others coming from Central Kentucky, and several from out of the State. Georgetown and Versailles each sending nine, Winchester six, Danville four and Paris eight.

Those who go from Paris and Bourbon county are as follows: Oscar C. Ashcraft, Leslie G. Blankenship, Douglas Clay, Thomas E. Gilmore, John H. Moran, Thomas Pritchard, Alvin Thompson, Clarence Whaley, Baldwin Woods, all of Paris; Julian Allen Ingels, Millersburg; Samuel S. Dick, North Middletown; Russell Caldwell, Millersburg. In the list of nurses appears the name of Mary K. Stone, of Paris, but those of Mrs. Carrie F. Stone and Dr. Lydia Pogue, which had previously been announced, do not appear.

LIBERTY BONDS MAY BE CONVERTED.

Notice that arrangements were being made whereby the three and one-half per cent. government bonds issued early in the summer under the name of the First Liberty Loan may be converted into bonds of the four per cent. issue now being placed on the market, and that a date would be announced in the near future when conversion may be made, has been received at the local Liberty Loan headquarters.

The same conversion privilege, the announcement said, would be allowed the purchasers of the present issue, in case another issue of still higher rate is authorized. In the percent "four," however, there will be a prescribed time in which they may be converted, after which the right of conversion will be forfeited, while under the rules governing the first or three and one-half per cent. issue, there is no time limit set when the right of conversion will expire.

BACK TO THE OLD HOME.

Among the visitors in the county at the present time are Mr. and Mrs. Wm. B. Owen, of Paris, Montana, who are guests of Mr. Frank Ritchie and family, near Paris.

Mrs. Owen was formerly Miss Lucy Ritchie, daughter of Mr. K. I. Ritchie, of near Austerlitz, who moved to Montana about four years ago. Mr. and Mrs. Owen were married about two weeks ago, and while on their bridal tour, concluded to visit the scenes of the bride's girlhood at her old home. They came direct from Southern Missouri, where they have been visiting relatives of Mr. Owen. Mr. Owen is a prominent ranchman and stockman. Mrs. Owen has been postmistress at Paris, Montana, since the office was established there about four years ago. During her residence in Montana, Mrs. Owen contributed a number of interesting letters to THE NEWS, telling of affairs in that country.

STATE FOOD ADMINISTRATOR TO VISIT PARIS.

Mr. F. M. Sackett, Food Administrator for the State of Kentucky, will come to the Blue Grass section on Wednesday and Thursday for a two-days' trip to tell the people of this section what changes in eating, sacrifices in living and efforts against waste the Commonwealth, and the Nation expects of them as measures to help win the world-war.

Mr. Sackett will come to Frankfort, Wednesday, where he will make a speech, going from there to Georgetown and Connersville, thence to Lexington. On Thursday he will speak in Paris, Nicholasville and Lexington. Bringing home the necessity of preventing waste and urging housekeepers to practice conservation in everything will be the main aims in Mr. Sackett's address. "There is enough food wasted and left lying around on tables and unused to feed all the armies of the Allies," Mr. Sackett declares.

IT PAYS TO ADVERTISE.

THE NEMS is constantly showing up the truth of the motto: "It Pays To Advertise," and showing from practical illustrations in the local field. A few days ago Mrs. Kate Butler Kinder, of East Paris, advertised a farm for rent. Before nine o'clock on the morning following, the telephone at her home was busy with inquiries and before noon the farm had been rented. By an oversight the advertisement was carried through a succeeding issue of the paper, and the same program was repeated.

All of which goes to show that "Nearly everybody reads THE BOURBON NEWS!"

OFFICERS ELECTED FOR THE HEALTH AND WELFARE LEAGUE.

Mrs. M. H. Dailey, president, presided at the recent meeting of the Bourbon County Health and Welfare League, held in the County Court room in the court house. Mrs. C. O. Hinton, the treasurer, read her annual report, which was accepted. The report of Mrs. Harriet Minaker, the Visiting Nurse, for September, showed that that efficient official had a very busy time in attending to the varied duties of her position. Miss Emma Hunt, the first Visiting Nurse employed by the county, and who will leave soon for France with Dr. Barrow's Base Hospital Corps, gave a very interesting talk to the members of the League. A contribution of blankets for the two Paris nurses, Mrs. Carrie F. Stone and Dr. Lydia Pogue, who will accompany the Hospital Corps, was made. Committees were appointed to take care of "Tag Day," on Saturday.

The election of officers resulted as follows: President—Mrs. M. H. Dailey; first vice-president—Mrs. Harry B. Clay; second vice-president—Miss Lucy B. Simms; recording secretary—Mrs. Denis Dundon; corresponding secretary—Miss Hattie Clark; treasurer—Mrs. C. O. Hinton. The following were elected as members of the Advisory Board for the coming year: Mrs. Thos. H. Clay, Jr., Mrs. W. O. Hinton, Mrs. H. A. Fower, Mrs. I. L. Price, Miss Mary Spears, Mrs. Eddie Spears, Hinton, Miss Irene Lenihan, Messrs. T. A. Hendricks, Catesby Spears, James McClure, W. H. Whitley and E. H. Gorey.

A SERIES OF ACCIDENTS.

While engaged in hanging tobacco in a barn on the farm of Mr. John Garrison, on the Redmon pike, near Paris, Friday afternoon, Mr. Wm. Clough, well-known among the tobacco workers of the county, fell from a tier-rail, dislocating one shoulder, and sustaining other serious injuries. It was feared at first that Mr. Clough had been internally injured. He was removed to his home, where medical service was rendered him.

While driving to the home of her sister, Mrs. Jacob Fryman, near Shawhan, last week, Mr. and Mrs. Jesse Florence were thrown from their buggy when the horse took fright at something on the side of the road, and ran off. The buggy was turned over and the occupants thrown out on the pike, being dragged some distance before the horse could be stopped. Mrs. Florence was badly bruised on the arms and face, while Mr. Florence sustained painful injuries.

While playing baseball with some companions at the home of his parents, Mr. and Mrs. Thomas Rollins, near Leesburg, this side on the Bourbon line, Thomas Rollins, their young son, was struck in the eye by a splinter which flew from a bat. The missile was driven in the lad's eye about an inch and one-half. The lad suffered intense agony. He was removed to the Harrison Hospital, in Cynthia, where the surgeons say he may lose the sight of the injured member.

Everett Carr and Floyd Courtney, residing on the Cane Ridge pike, near Paris, figured in an accident near Frankfort, Friday, in which the motorcycle they were riding was demolished. They were returning home from a trip to Frankfort, on their motorcycle, and when coming through a covered bridge near Frankfort, their motorcycle collided with a big automobile. The motorcycle was badly damaged, and the riders severely bruised. They were able to return home via the interurban line.

In a collision which occurred on the North Middletown pike, Friday night, near the home of Mr. John G. Fuller, a buggy was demolished by an automobile coming from Paris to North Middletown. The occupants whose names could not be learned were uninjured, and were taken in the machine to North Middletown. It could not be learned who was in the machine which struck the buggy.

While returning on the Ruddies Mills in his machine Saturday night to his home near Paris, Mr. John Mastin collided with a buggy occupied by two men, who were both intoxicated. The men were thrown out by the force of the collision, but examination proved them to have escaped serious injury. Mr. Mastin says they deliberately ran into his machine and that he used every precaution to avoid striking the buggy. He picked them up and endeavored to ascertain their names, offering to take them home, but they refused all assistance and proceeded walking down the pike. The horse was uninjured and is being held by Mr. Mastin, awaiting a claimant.

AS TO "MAJORS."

The Cynthia Democrat, commenting on the recent trial and conviction of Geo. Majors, suspected "German spy," says:

"The Democrat explained shortly after 'Majors' was arrested that he was none other than Floyd Irvine, an irresponsible, who had been doing concrete work and plastering around Berry. He was not born at Cynthia, but has been in jail here, which may account for his attachment to the town."

EDITORIAL MUSINGS.

The Case of Lafollette.

Robert M. Lafollette may think he enjoys a certain immunity from legal responsibility for his utterances by reason of the fact that he is a United States Senator. But even a Senator is not immune from punishment for treason, and if some of Lafollette's recent remarks are not treasonable they border so close to treason that the average man will fail to see any distinction. There is no question but that Lafollette is affording "aid and comfort to the enemy" of the United States, and has been doing so ever since we went to war with Germany. Possibly the government has taken no official notice of his seditious utterances on the theory that if he is given enough rope he will hang himself. Certainly he has earned the contempt of every American who is unsimpered with the pitch of disloyalty.

It is incomprehensible, however, why the Senate does not take steps to purge itself of this disloyal member of its august body. It has ample precedent, for five United States Senators have, at various times, since the birth of the nation, been expelled by the votes of their colleagues, and in each instance their offense was disloyalty. If "Senatorial courtesy" is the excuse for failure to take cognizance of Lafollette's disgraceful and dangerous conduct that ancient pretext has outlived all toleration. "Senatorial courtesy" to the winds! This is a time for men to exhibit their manhood. This is a time for loyalty above everything. Out with the traitors—every one. It is high time for the United States Senate to clean house.

Beware of Centipedes!

A family thinks it has mobilized its home protective forces to the full when it has set up a watchdog, a cat, a canary, a rubber plant, a war garden and a fly swatter. These are all very well as far as they go, but the world has been moving swiftly, and the most progressive and efficient households now have added the house centipede—vulgarily called the "thousand legged worm"—to their forces. We learn from a recent monograph on insects that: "An examination of the head of the centipede will reveal a pair of strong jaws that are used against enemies and for the purpose of capturing small insects for food. It considers the fly a great delicacy, and besides this, it eats fleas, mosquitoes, moths, roaches and other small household pests. The house centipede has seldom been known to bite a person, and if, in self-defense it should

pinch the baby's finger or toe, the swelling produced, if any, could quickly be alleviated by an application of ammonia."

In the light of these recommendations who can afford to be without one of these admirable beasts? It is noiseless, of excellent though nocturnal habits—a night watchman, as it were—and its upkeep cost is practically nothing. In the event that it rides the house completely of all the pests enumerated—particularly the "and other"—the grateful householder should be willing to pension it on small bits of meat or whatever its system craves. It should be taken into the family and given a pet name.

Woman's Loyalty

During the second week in October the country will be able to correctly gauge the patriotism of its women. Every woman in the country is asked to register during that week for whatever service she feels she can render her country in this great crisis of its history. We have been used to boasting of the splendid loyalty of our women, and we have always had whereof to boast. Thus far in the present conflict their response to the calls made on them has been spontaneous and most gratifying. But greater demands yet will be made. Their work is in no sense inferior to that of the men, although it may differ very materially from it in the element of "thrill." They will be called on to take up and bear woman's age-old burden—patient endurance and helpful ministrations. That their response will be even more enthusiastic than it has ever been, there are none who doubt.

A Just Judge.

At the opening of the Madison Circuit Court last week Judge Shackelford called the attention of the grand jury to the flagrant violations of the motor vehicle law in the city of Richmond and Madison county. He said the law strictly forbids a drunken man from operating an automobile; that children under sixteen years of age were also forbidden to operate an automobile, and there are certain rules regulating the speed of automobiles in the city and county. He said drunken men were driving machines; children who could not look over the wheels were driving them; that negro delivery boys in the city were driving them recklessly; that many persons would run at a high speed through the streets without lights at night and fail to give warning at crossings and street corners. He said he had seen several narrow escapes of people, and that this reckless driving was a great menace to the safety of the people, and especially to aged persons and children on their way to and from school. He said it would be all right if the fool drivers would kill themselves, but they were liable to hurt somebody else, and he urged the jury to thoroughly investigate these violations of the motor law.

SHE CHOOSES A MAXWELL.

Possessed of a regular fleet of high powered motor cars, Miss Charlotte Walker, a society belle of San Francisco, whose fame as a motoring tourist extends to all parts of the United States, chooses a Maxwell touring car for mountain work in preference to the much higher priced motors. "The ease of control and sturdy power of the Maxwell are ideal for the different trials in the hills," Miss Walker says.

She asserts the Maxwell takes the steep inclines much better than any of her other possessions. She has toured over the Rockies, the Selkirks, Grand Canyon, White Mountains and visited nearly all the beauty spots in the United States and Canada. Motoring to inaccessible places is a much stronger hobby with Miss Walker than the usual society diversions to most young women.

She is now planning several very difficult trips for the early fall season. (adv)

ROADS CONTINUE POLICY OF COMMANDEERING COAL.

In view of a threatened shortage of coal, the Louisville & Nashville railroad and other roads are continuing their policy of commandeering coal wherever they can get it.

W. L. Mapother, vice president of the L. & N., said almost every road in the country had been compelled to do this because the Government expected that the trains be kept running. His road is paying for the coal at prices fixed by the Government, except in cases where contracts exist between the road and the mine operators. Instead of having a large supply on hand, as railroads generally do, they have been facing a shortage for several months. It is asserted that this commandeering is not in violation of the law.

POSTMASTERS RECEIVE INSTRUCTIONS REGARDING NEW RATES.

Detailed instructions to postmasters on increased letter mail rates, which becomes effective Nov. 2, under the terms of the war tax bill, have been issued by Postmaster General Burleson.

The new order for increased postage rates do not apply to mail to most of the foreign countries, but do apply to all domestic mail, including Canada, Mexico, Cuba, Panama and all persons in the military service of the United States in Europe.

OBSCURE SECTION IN TAX LAW HITS NUMEROUS CLASSES.

Business and professional men and salaried men as well, who have incomes of more than \$6,000 a year, face a war profits tax of 8 per cent. In addition to the income surtaxes under the provisions of a section which has been discovered in the war tax bill.

The section was not introduced on the floor nor discussed in either house of Congress, but was inserted by the conferees while they were working in secret session to bring out the perfected bill.

The war profits tax section of the bill lays a tax of 8 per cent. on the net income of a "business or trade" when it exceeds \$3,000 a year in the case of a corporation and \$6,000 in the case of a partnership or an individual. A subsequent section, just discovered, declares that a "trade or business" includes "professions and occupations."

In the opinion of members of the Ways and Means Committee that language hits every doctor or lawyer or other professional man and every salaried employee who has an income large enough to come under its provisions.

Internal revenue experts, while they have not ruled formally on the question, are inclined to believe that the language permits of no other interpretation. If it stands, professional, business and salaried men will pay two taxes on their incomes.

KENTUCKY BANKERS ELECT.

Henry D. Ormsby, President of the National Bank of Kentucky, was elected President of the Kentucky Bankers' Association at the closing session of its convention in Louisville. J. C. Directs Work of Red Cross in Destitute Belgium

While the Red Cross activities in the United States have attracted widespread attention, comparatively little is known here of the great work now going on among the destitute and suffering in war-torn Europe. Still this branch is most vitally important at this time. Special interest attaches to the work being undertaken in Belgium, where Dr. Ernest P. Bicknell, formerly director general of the civilian relief of the Red Cross, has recently been placed in charge. Major Grayson M. P. Murphy, head of the Red Cross Mission in Belgium, has just announced Dr. Bicknell's appointment to this important post.

To The Public!

The merchants of Paris recently signed agreements to close their stores as follows: Grocery stores at 7 p. m. and Saturdays 11 p. m. Other lines of business at 5 p. m., excepting Saturdays. Some of our merchants are doing all they can to live up to their agreement, while others and all kind of excuses to extend the time of closing. One of their main excuses has been that customers will delay their purchases to the last minute, and by entering stores at the closing hour make it difficult for merchants to close their stores as agreed upon.

The Merchants Protective Association of Bourbon County at its last meeting directed by an unanimous vote that the undersigned make an urgent appeal to the public to kindly assist the merchants by making all their purchases so as not to conflict with this closing arrangement.

There must be reason in all things. A business or household conducted without order and system cannot bring complete success. Remember success does not mean money alone—but also means "Happiness, Harmony and Good Health."

The mechanic and ordinary day laborer will not work over 10 or 8 hours per day. This you will agree is exactly right. But why then should we expect a merchant to work from 6 a. m. to 10 or even 12 p. m., or from 12 to 18 hours per day?

The merchant desires good health and wants to live as long as others. He wants to enjoy the company of his wife and children at evening during the week as well as only on Sundays. Two hours extra rest each day means all this for him and better service for you on the next day. No doubt you believe this is right and are willing to grant him and his clerks and porters this necessary rest. Then why not help him to live up to his pledge and make your purchases accordingly?

To those merchants who have so far failed to close their stores as promptly as they agreed, we appeal again, "For the good of all, as well as your own welfare, let us stand together and work like one man."

To those merchants who so far have failed to fall in line on the closing agreement, we extend an earnest appeal to "Come and work together with us for a common cause," and to the public we appeal for their encouragement and co-operation in this movement, because we believe it right.

Signed—

RECEIVING ENCOURAGING RE- PORTS.

Encouraging reports are being re-
ceived by Mrs. Cora Wilson Stewart
concerning the illiteracy campaign
to be conducted during the month
of October. Barren county expects
to teach 500 illiterates, practically
every teacher in the county having
volunteered to assist in this work.
Other counties filing encouraging
reports are Hickman, Fulton, Floyd
and Clay.

Illiterates from this State now
living in Middletown, O., will be
taught to read and write at night
schools by S. R. Rectanus, of that
city, who comes to Kentucky next
week to inspect the moonlight school
work and get ideas to enable him to
start the work in Middletown.

reliable cough medicine we have
used."

Helps Mrs. McAdoo On Liberty Loan Committee

It would be difficult at a time like the
present to launch any great undertak-
ing in the United States without the
aid of women. They appear in practi-
cally every public work. The Woman's
Committee of the Council of National
Defense has contributed many of its
members to the service of the nation.
Miss Antoinette Funk, who has been
stationed at Washington for several
months, is one of the real factors in
the government's preparations for the
second Liberty Loan. Secretary of the
Treasurer McAdoo has asked Miss
Funk to serve as executive vice-chair-
man of the Woman's Liberty Loan
Committee, of which Mrs. McAdoo is
chairman, and she has accepted. Miss
Funk is a speaker of ability and an un-
tiring worker.

MISSIONARY SOCIETIES MEET

Societies of the Franklin District,
which was held Wednesday at the

gathering.

An interesting report of the pro-
gress of the children's department
was given by Miss Laura Lillieston, of
Paris, head of that branch of the
work. A luncheon was served the
delegates, who were also shown many
social attentions during their stay.

PARIS FIGURES IN DAWSON SPRINGS MEETING.

At the recent State Convention of
the W. C. T. U., held at Dawson
Springs, the treasurer's report show-
ed the expenditure of thousands of
dollars by the various unions in ed-
ucational work, literature, speakers,
comfort-bags for the soldiers, contri-
butions to two ambulances on their
way to France, and \$500 for the pur-
chase of stereomograph, a moving
picture machine for Camp Stanley.
The latter contribution was made pos-
sible by the accrued interest on a
special fund known as the Massie
Fund, a bequest left by Mrs. W. W.
Massie, of Paris, for prohibition work
in Kentucky.

MAIL BY AIR.

The aeroplane may yet be used to
carry Uncle Sam's mail, if a bill now
before the Senate is favorably con-
sidered. The bill will allow the
Postmaster General the use of aero-
planes not serviceable for military
purposes and those that, after the
war, are not needed by the War De-
partment. The project has the ap-
proval of President Wilson, Secretary
of War Baker and Postmaster Gen-
eral Burleson. The Italian govern-
ment's aero mail route between Turin
and Rome has been in service five
months, and is a success. The trip
of five hundred miles has been cov-
ered in three hours, fifteen minutes,
record time. Bad weather is the
chief anxiety of the aero postman.

WOMEN AS "MOTORMEN."

On some of the street railways in
Great Britain over half of the mot-
ormen are women. There is some dif-
ference of opinion, however, as to
the value of women at this post,
though all agree that they make
good conductors. On some of the
difficult runs women have had to be
replaced by men in the driver's seat,
because the woman has a tendency
to "lose her nerve" in an emer-
gency.

War Conditions Reflected In Telephone Service

There are thirteen army camps in the south equal in size to
the average city, and in each one we have installed a complete
telephone system so that the army officials may have adequate
telephone communication, both local and long distance.

This was a big job given to us without time for preparation
or for the preliminaries that such undertakings usually require.
The nation was at war; the Bell system had proffered all its re-
sources, and when the camps were located we were there with
men and material.

We did only our duty, but it is a matter of pride that
we were able to gather material and equipment from the four
corners of the country and have service waiting for the govern-
ment when officials were ready for it.

Such a gigantic task could not be accomplished without sac-
rifice, and while as an organization and as individuals we were
willing to go the limit, the necessity now arises for the public to
also participate in the sacrifice.

Today we find the calling rate from commercial telephones
throughout our territory above any average ever before experi-
enced or anticipated, while it is not within our ability to afford
the prompt and certain relief that could be effected in ordinary
times.

There is not an army camp here, but the drain upon the
available supply of material and the activity due to war condi-
tions, is reflected in the demands upon our service here.

We cannot secure equipment with which to enlarge our
switchboards, and only the minimum amount of material is avail-
able for increasing the number of our long distance circuits.

Added to this is the imperative duty of serving the govern-
ment first with a service which in itself is growing beyond all an-
ticipated proportions.

We can say frankly that there is every likelihood that your
local telephone service will be slower than you ordinarily experi-
ence and that your long distance service will be subject to de-
lays never before experienced.

This is one of the sacrifices of war which the individual
American is called upon to bear.

We want you to know, however, that we are doing all that
is humanly possible and all that money and science can do, to
maintain our service at the high standard for which the Bell sys-
tem is world famous.

When you encounter delays and when your service does not
measure up to your past experience, we hope you will bear this
in mind and give us your cheerful and patient co-operation.

TOBACCO WAREHOUSE PEOPLE MAKE GENEROUS OFFER.

A generous offer of the entire commission realized from the tobacco sales on its opening day this season to the Tobacco Fund for the "boys in France" and the army training camps has been made by the Independent Tobacco Warehouse Company of Paris.

The warehouse people also state that all the tobacco sold for the above purpose by the growers of this county will be graded and sold to the very best advantage, and the total proceeds divided between the Red Cross Chapter and the "Our Boys in France Tobacco Fund."

The three loose leaf warehouses in Franklin, Ky., have made the same proposition for the benefit of the tobacco fund for the Simpson county recruits. In that county every grower has agreed to contribute a large bunch of the weed for the purpose of sale. The project seems likely to be taken up by all the tobacco warehouses in the State.

THE WORLD'S SERIES.

The world's series for the baseball championship of the world opened Saturday at Chicago with the game between the New York Giants and the Chicago White Sox, resulting in a well-earned victory for the White Sox by a score of 2 to 1. Eddie Ciochotte, of Detroit, pitcher for the White Sox, pitched his team to victory in a remarkable game. The attendance was estimated at 32,000, the gross receipts at the gates being \$73,152.50.

The White Sox also took the second game of the series on the Chicago grounds Sunday by a score of 7 to 2. The batteries in the game were Faber, p., and Schalk, c., for Chicago; Schupp, Anderson and Perritt, p., and McCarthy and Raiden, c., for New York. The attendance was fully equal to that of the opening game, and by many estimated to be larger, on account of working people having a day off.

In Paris the games were announced on a bulletin in the window of Cabal's barber shop, attracting a large crowd, who waited patiently from inning to inning until the final result was chalked up. The interest in the outcome of the baseball struggle took precedence over the war and other more talked-of topics.

BOX PARTY AT RACES.

Under the bracing autumn weather and the genial influences exerted by the big gatherings at the Lexington trots many box parties have been given by Paris people. Among them were Mr. and Mrs. Jos. M. Hall, who had as guests Miss Kate Alexander, Mr. and Mrs. James H. Thompson, of Paris, and Mr. John L. Shuff, of Cincinnati, and Mrs. R. G. Stoner, of Mt. Sterling and Paris, who had as guests on the opening day, Misses Elizabeth Brown and Alice Rogers Clay, Mrs. May Stoner Clay, Messrs. Jo. Davis and Hiram Roseberry, all of Paris. On Tuesday, Mr. and Mrs. Hall had with them Mrs. Jas. M. Thompson, Miss Dorcas Ussery, of Paris, and Mr. John L. Shuff, of Cincinnati. Mrs. D. C. Parrish, of Paris, was a guest in Mr. Ed. A. Tip-ton's box.

VEGETABLE FREAKS

Freaks in the vegetable world are constantly springing up to utterly confute the old saying that "there's nothing new under the sun." Mr. J. E. Taylor, of East Paris, brought to THE NEWS office yesterday a bunch of green tomatoes grown in his garden, which resembled a mass of turtle eggs grown together more than anything else. The largest of the bunch had eight long arms growing out from the parent tomato like the tentacles on an octopus, or to make a closer application, like the fingers on a glove. Mr. Taylor had a garden full of these freaks.

ALLISON ACQUITTED.

At the examining trial in Maysville of James Allison, charged with shooting Cash Crowe, formerly of Paris, while in a dispute near Sardis, Mason county, some weeks ago, Allison was acquitted. The testimony showed that Crowe had threatened Allison's life on several occasions. Crowe was in the Mason Memorial Hospital in Paris following the shooting, but has recovered.

MATRIMONIAL.

—Marriage licenses were issued yesterday from the office of County Clerk Pearce Paton to Mr. Strother Mahorney and Miss Florence C. Scott, and Mr. Roger W. Blvins and Mrs. Ethel M. Spears, all of this county.

The latter couple, both of whom reside near North Middletown, were married yesterday afternoon at the residence of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church.

HUDNALL—NAPIER.

—One of the surprise marriages of the autumn season was that which occurred at eight o'clock Friday night at the home of the officiating minister, Rev. W. E. Ellis, pastor of the Christian church. The participants in the happy event were Miss Cuma Hudnell, of near Shakespeare, and Mr. Jos. Napier, an industrious young farmer residing on the Jacks-town pike near Paris. The wedding was solemnized in the presence of a few intimate friends and relatives.

The bride is a daughter of Mr. and Mrs. J. C. Hudnall, and a sister of Messrs. S. R. and Wm. Hudnall and Miss Elizabeth Hudnall, of near Shakespeare. She was for some time a member of the clerical force in the Busy Bee Cash Store in Paris and is a most charming and accomplished young woman. The groom is a son of Mr. and Mrs. T. W. Napier, of near Paris, and is engaged in farming.

After the ceremony, Mr. and Mrs. Napier left for a week's visit to the groom's sister, Mrs. Louis Mitchell, and Mr. Mitchell, at Hazard. Upon their return they will make their home on the groom's farm near Paris.

CINCINNATI BANK LOSES IN SUIT FOR \$25,000.

Another chapter in the now noted Alexander Bank case of Paris was written in Cincinnati, Friday, when United States District Judge Hollister awarded a judgment in favor of Thomas J. Smith, Banking Commissioner of the State of Kentucky against the Fifty-Third National Bank of Cincinnati, for \$25,000 with incidentals of interest and costs. The judgment grew directly out of the failure of the Alexander Bank.

The Fifty-Third National Bank was sued by Commissioner Smith for the return of collateral which Geo. Alexander had put up in obtaining three different loans of \$10,000, \$15,000 and \$10,000, respectively, at different times, previous to the collapse of the bank of which he was the head. Under the Kentucky law the State Banking Commissioner is charged with winding up the affairs of the bank's creditors.

The ground of action by Commissioner Smith against the Cincinnati bank was that the Alexander Bank, by its Kentucky charter, was limited to \$10,000 as the greatest amount of indebtedness it could incur. It was held that that restriction was binding on the Cincinnati bank in the loan deals. According to Banking Commissioner Smith the value of the collateral going with the Alexander notes was \$56,000. The Fifty-third disputed the official right of Banking Commissioner Smith to bring suit in the case, so far as the Kentucky decisions have been adjudicated. Judge Hollister considered them as giving the Commissioner the required power.

Attorneys in the case are engaged in taking depositions in the projected litigation to determine what the liability of the Directors of the Alexander Bank will be. This action has been held up for some time pending a decision in the case. It is thought that action will be begun against the Directors in the November term of the Circuit Court.

CELEBRATES HER NINETY-FIRST BIRTHDAY.

Surrounded by members of her family, Mrs. Agnes Jacoby, one of Bourbon's most highly-esteemed pioneer residents, celebrated her ninety-first birthday anniversary last Tuesday at her home near Hutchison. A large birthday cake, decorated with ninety-one candles, occupied the center of the table, where the guests were assembled to do honor to the occasion.

The guests were Mrs. Jacoby's children, Mrs. N. Hay, Mr. R. Jacoby, J. W. Jacoby, Luther Jacoby, John Jacoby, and her sister-in-law, Mrs. M. A. Kenney and Mrs. William M. Kenney and her grandchildren, nieces and nephews.

The dinner was a veritable feast of good things, prepared by Belle Morrow, of Paris. The table where the guests gathered was decorated in pink and white, asters and cosmos. The guests after the dinner enjoyed themselves in various ways. Mrs. Jacoby, in spite of her advanced years, in full of vitality and having never used glasses, can read well without them.

CINCINNATI BROKERS MUST TAKE SCHOOL BONDS.

In the Court of Appeals at Frankfort, Saturday, a decision was handed down affirming the case sent up from Bourbon county in regard to the recent school bond issue.

The Court in substance decided that Well, Roth & Co., Cincinnati brokers, who were the successful bidders must take the \$46,000 worth of bonds from the City of Paris, voted June 2, of this year, for the purpose of erecting an annex to the Paris High School building. The case for the city was prepared and carried forward by attorneys R. C. Talbot and Wade W. Whitely.

CIVIL SERVICE EXAMINATION NOVEMBER 2.

A civil service examination for clerks with a knowledge of typewriting or stenography for departmental service for the United States will be held in Paris at the Paris postoffice on Friday, November 2.

The applicants will not of necessity have to be expert stenographers. The Civil Service Commission is experiencing difficulty in supplying a sufficient number of typewriters partitions and offices at Washington. This examination for clerks with a knowledge of typewriting or stenography is designed to help the situation, and offers a great opportunity for a great many citizens to compete in the examination with little or no expense to themselves.

The new examination does not include stenographic dictation, but does include a stenography test of a different kind, explained in bulletins which may be obtained by calling on Wm. Clark, at the Paris postoffice. Mr. Clark has received instructions from the department at Washington to make every effort to obtain a number of clerks from this vicinity who can operate a typewriter, and to give the widest publicity to the notice, calling for the examination on Nov. 2. To that end Mr. Clark is using THE BOURBON NEWS, for of course, "Everybody reads THE NEWS."

CLUB MEETING.

At the last meeting of the Progressive Culture Club held at their rooms the program was composed mainly of tributes to the memory of the beloved Hoosier poet, James Whitcomb Riley, whose poems have endeared him to the great common people.

Mrs. J. W. Bacon had charge of the program, and in this, gave a word sketch of Riley, with selections from his most popular writings, among them, "When The Frost Is On The Pumpkin," "Little Orphan Annie," and others. Graceful tributes were paid to the poet's memory by Mrs. George W. Stuart and Miss Grace Hargis, who also gave selections from her writings. The program was thoroughly enjoyed by the members of the Club.

Mrs. William G. Talbott, regent of the Chapter, presided Saturday afternoon at the October meeting of the Jemima Johnson Chapter, D. A. R., which was held at the residence of Misses Lottie and Winnie Williams, on Pleasant street. After the discussion of plans for the winter's work the following delegates were elected to attend the State Convention of the D. A. R., to be held at Ft. Thomas:

By virtue of her office as regent, Mrs. Wm. G. Talbott will represent the Chapter, with Miss Elizabeth Grimes as delegate, also; alternates, Mrs. Wade H. Whitley, Miss Nancy Griffith, Mrs. Virgil Galtskill, Miss Letitia Hedges, Mrs. Owen L. Davis, Miss Rachel Wiggins, Mrs. J. T. Shar-rard, Mrs. Frank Sledd and Mrs. Joseph Ewalt.

By a unanimous vote of the members the sum of \$10 was appropriated from the funds of the Chapter to pay for blankets for the nurses from Paris who will accompany the Dr. Barrow Base Hospital Unit when it goes to France.

The building was insured for \$400.

BRIDGE CLOSED.

The old covered bridge over Stoner Creek at the foot of Main street, is closed to traffic, while extensive repairs are being made by the contractors, the Bower Bridge Company, of Flemingsburg. The old bridge was built in 1837, and the contractor says it is good for a hundred years yet. But let us fondly hope modern progress will soon replace it with a steel structure.

REAL ESTATE DEALS.

The Paris Realty Co., sold Saturday morning to Mr. Clayton Strode, of Winchester, the unimproved farm of 71 acres located on the Clintonville pike, known as the Caywood & McClintock tract, for \$225 per acre. The sale of the property realized a good profit on the original purchase, which was made last June. Mr. Strode purchased the property as an investment. It will be resold at public auction or private sale sometime in November.

The real estate farm of Harris & Speakes, of Paris, sold the past week for Isaac Miller, of Spencer county, his farm of 512 acres near Taylorsville, to J. T. McGraw, for a big price not given out for publication. The sale was made by Auctioneer George D. Speakes.

THE WEATHER.

The weather prediction for this vi-
cinity for the week beginning Sun-
day, Oct. 7, as sent out by the U. S.
Weather Bureau at Washington, is
as follows:

For the Ohio Valley and Tennes-
see: Fair with temperature close
to season average. Short period of
showers; about middle of week.
Warmer first part, normal tempera-
ture after Thursday.

A period of cool weather has suc-
ceeded the warm spell of the past
few weeks. Frosts have been of
frequent occurrence, though no ma-
terial damage to gardens or crops
has been reported. Tobacco growers
were somewhat alarmed by the cool
weather, and have been busy rush-
ing the weed into the barns. The
cool nights have added much weight
to tobacco, which was still in the
fields and those who took chances on
the frost have profited, as usual, as
much more tobacco is damaged by be-
ing cut too early than by frost.

MT. STERLING DEFEATS PARIS
FOOTBALL TEAM.

The Mt. Sterling High School foot-
ball team came to Paris, Friday after-
noon, and administered a defeat to
the Paris High School eleven on the
gridiron field at White Park by a
score of 8 to 7.

The game was marked by many
feature plays by the players of both
teams. The Mt. Sterling players had
a little the best of Paris in weight
and size, but the local team put up
a good game notwithstanding.

One thing that should be particu-
larly pleasing to the football fans of
Paris was the showing made by Bob
Burnett at half-back. To put it in
athletic vernacular Burnett "went
wild." He tackled in a way that
would make a good many college
players envious. He was usually
good for a gain when called on, and
then to make a fitting climax to his
other work, in the third quarter he
snatched one of the Paris' for-
ward, kicked out of the air and went
fifty yards for a touchdown, after-
wards kicking goals. With such
coaching this boy should make a
player that Paris will be proud to
own.

YOUNG CHAUFFEUR COMES TO
GRIEF ON JOY RIDE.

Ola Cassidy, considerably under
twenty-one, and ambitious to be a
real sure-enough chauffeur, engaged
his services to Mr. Jos. Clay, on the
Winchester pike. Ola wanted to
drive and be a driver bold.

All went well with Ola until Sat-
urday night when he went to the
Clay garage and brought the car to
Paris, telling Mr. Clay it was in need
of repairs. Ola brought the car to
the C. S. Ball garage, where he very
considerately left it. "Perk," the me-
chanical expert at the Ball Garage,
said there was nothing the matter
with the car when it was brought
there. But, anyway, Ola wanted to
joy ride, so he hied himself to the
garage and took the car out, ostensibly
to return it, after it had been "re-
paired" to the Clay residence.
But fate and a few companions in-
tervened and Ola went "joy riding."
On the Cynthiana pike an accident
occurred in some way, and Ola's am-
bition and the car both received an
upset. The car got the worst of it,
being badly damaged. Ola and the
car were both brought in for "re-
pairs" sure enough this time.
All of which goes to discourage too-
young chauffeurs and joy-riding.

COURT APPOINTMENTS.

In the County Court, Friday, Judge
McMillan appointed Wm. T. Linville
and Garrett Linville as executors of
the estate of Mr. H. V. Linville, who
died several weeks ago at his home
near Paris. They qualified by exe-
cuting bond in the sum of \$10,000,
no surety being required, under the
provisions of the will.

Judge McMillan also gave out the
appointment of Julia Fields as execu-
trix of the estate of the late Mary
Douglas. She qualified by furnishing
surety in the penal sum of \$200, no
bond being required under the pro-
visions of the will. The estate, com-
prising a house and lot in Rucker-
ville, is bequeathed to the executrix.

By the terms of the will of James
Corbin, the colored undertaker, who
died in Paris several weeks ago,
which was probated in the County
Court, a house and lot in the colored
suburb of Newtown is devised to his
mother for her lifetime, with re-
mainder to his wife. The remainder
of the estate, personal and real, is
devised to his wife.

Grant's Grandson To Fight in Russian Army

A strain of American patriotism deeply implanted in him, Prince Michel Cantacuzene, a grandson of President Grant, is now one of the youngest officers in the Russian Army, in which his father is a general. The young Prince is visiting in America with his sisters at present, having brought them across the Atlantic from Russia to remain through the winter if not until the internal affairs of his country have been adjusted. This descendant of the great general of the Civil War is familiar with the history of the American rebellion and it has been an inspiration to both him and his father, who is now one of the foremost officers in the revolutionary army. The young man has military ambitions, and if the war continues may be expected to be heard from. He has had the advantages of military training and is looked upon as a good soldier.

OCT. 14 IS GOOD ROADS DAY FOR KENTUCKY.

PROCLAMATION.
TO THE PEOPLE OF KENTUCKY,
GREETING:—

Whereas, Present conditions render the construction and maintenance of public highways necessary alike to our domestic prosperity and national defense, it is of prime importance that popular attention be called to the wisdom of a concerted and organized effort to extend our system of public roads, to co-ordinate them with interstate thoroughfares and to preserve them by capable and scientific management in the highest attainable state of efficiency.

Now, Therefore, I, A. O. Stanley, Governor of this Commonwealth, do declare Sunday, October the fourteenth, Good Roads Day, and call upon the ministers of this State and other public spirited citizens to avail themselves of this occasion to impress upon the people the importance of their hearty co-operation in this great and honorable work.

Done at Frankfort, Ky., this the twentieth day of September, nineteen hundred and seventeen and in the one hundred and twenty-sixth year of the Commonwealth.

A. O. STANLEY.

By the Governor,
JAMES P. LEWIS,
Secretary of State.
By E. Matt Kann,
Assistant Secretary of State.

TO OPPOSE BILLY KLAIR FOR LEGISLATURE.

Having tried in vain to induce several candidates to sacrifice themselves in a race against Billy Klair, Democratic nominee for Representative in the Legislature from Lexington, the Independents of the city now turn to Mr. A. B. Thomason, a former Bourbon county Republican, as their Moses to lead them out of the wilderness.

Mr. Thomason, who is now a practicing lawyer at the Fayette bar, authorized the announcement Tuesday of his candidacy for that office on an independent ticket.

Although having never aspired to political office before, Mr. Thompson has for several years taken an active part in politics, both in Bourbon county, where he served as a member of the Republican Executive Committee, and in Fayette, where he is now a member of the Republican committee.

The new candidate is 41 years old, a graduate of the College of Law of the University of Kentucky, and a member of the Broadway Christian church.

SWIFT & CO. TAKE MILLION AND HALF LIBERTY BONDS.

Swift & Co., of Chicago, headed the purchasers of Liberty Bonds in the first day's drive with the purchase of \$1,500,000. G. A. Buhl, vice president of the Schoenhofen Brewing Company, of Chicago, announced the purchase of \$250,000. Miss Ruth Law, aviatrix, sent in a special delivery letter from Peoria with an order for \$10,000 in bonds, and there was a rush of smaller subscriptions that gave assurance that the second issue of war bonds would have an even steadier sale in the Chicago federal reserve district than the first.

CONDITION OF STATE FUNDS.

State Auditor Greene announces the amounts on hand in the various funds of the State Government as follows: Balance in Treasury, \$747,761.44; sinking fund, \$100,178.26; school fund, \$257,048.88; State University fund, \$7,617.91; general expense fund, \$382,916.69. The outstanding indebtedness amounts to \$4,777,274.64, as compared to \$4,574,248.34 for last month.

Lionized And Hailed As A Deliverer, Gen. Pershing A Popular Hero in France

Wherever he has traveled in France, Major General Pershing, in command of the American Expeditionary force, has been lionized and hailed as a deliverer. In this most recent picture of the hero of the Mexican expedition, he is shown on his recent visit to the Republican Guard at Paris, where he extended his congratulations to the officers and men. While Gen. Pershing avoids public demonstrations wherever possible, France has come to look upon him as the master of the situation in the present conflict. On the occasion of his visit to the Republican Guard he was delayed while enroute by great throngs that greeted him with halos of applause. The French never tire of cheering the Commander-in-Chief of the American troops soon to enter the fight.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapiesin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is positive in neutralizing the acidity, so the misery won't come back very quickly. You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, makes the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation. (adv)

EXPLAINED.

(New York Evening Post.)
"Hones" to God, boss, Ah ain' done nary thing. Naw, sub."
"Wel, you must have said something, then."

"Ah ain' say nothin' and Ah ain' done nothin'. Ah was just walkin' 'long singin', Ireland Must Be Heaven, for My Mother Came From There, and 'long come somethin' and hit me side de haid. When I woke up this here officer had done got me."

SOUR STOMACH.

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out. (adv-oct)

DR. HINNITT RESIGNS.

Frederick W. Hinnitt, president of Washington and Jefferson College since January 1, 1915, at a meeting of the board of trustees formally tendered his resignation, to take effect June 30, 1918.

The resignation was unexpected, and came following rumors of friction between the president and the board, as well as between Dr. Hinnitt and members of the faculty for a period of some months. The resignation was accepted unanimously.

Dr. Hinnitt succeeded the late Dr. James D. Moffatt. He came from Danville, Ky., where he was president of Centre College for a number of years.

Dr. Edwin Linton, of the chair of the agricultural and correlative branches, will act as president until Dr. Hinnitt's successor is chosen.

German Aimens' Nemesis

Lieut. Laoul Lufbery, premier "ace" of the Lafayette Escadrille, and an American, failed to bring down his thirteenth German airman during a recent "scrimmage" over the Western front. Having engaged in five aerial battles in a single day and made seven flights in two days, he was caught short of ammunition after "winging" his twelfth adversary.

YES! LIFT A CORN OFF WITHOUT PAIN.

Cincinnati Authority Tells How to Dry Up a Corn or Callous So It Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of Freezone applied directly on a tender, aching corn or callous, stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of Freezone cost very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any Freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time. (adv)

AUTUMN'S OFFERING OF COATS AND SUITS

POINTS ABOUT SKIRTS—THE VOGUE OF TUCKS.

NEW YORK, Oct. 5, 1917. This is the harvest season; the watchful waiting and the hard labor of the summer months are being rewarded. Despite the predictions of the pessimists, the unusual condition of the weather, and the shortage of labor, there has never been so wonderful a crop of wheat, of corn, or of fashions. The matter has been so carefully systematized, that the grade of efficiency reached in these patriotic endeavors is almost unbelievable. Speaking from the fashion standpoint, one can safely say that there never has been a time when the styles

A Warm Coat For Cool Days

were so universally becoming and satisfactory. The Paris openings have brought out charming things. One hears of the marvelous materials and one sees the models brought over by the intrepid buyers, and they are so interesting and wonderful that they seem too good to be true—almost!

The Narrow Way of the Skirt

Yes, indeed, skirts are narrow, and there is a very good reason for their being so. The Government has asked that wool be conserved, and the patriotic designer and the fashionable women alike cry, "Well, we can help by wearing skirts that are not too wide; let them be narrow." And narrow they are, too, and short, though, perhaps not quite so short as last year. It is not comfortable to walk in a tight skirt that is long, and so once more we find common sense aiding fashions. One must, however, not go to the other extreme and have the skirt too narrow for beauty.

The Fall Coat

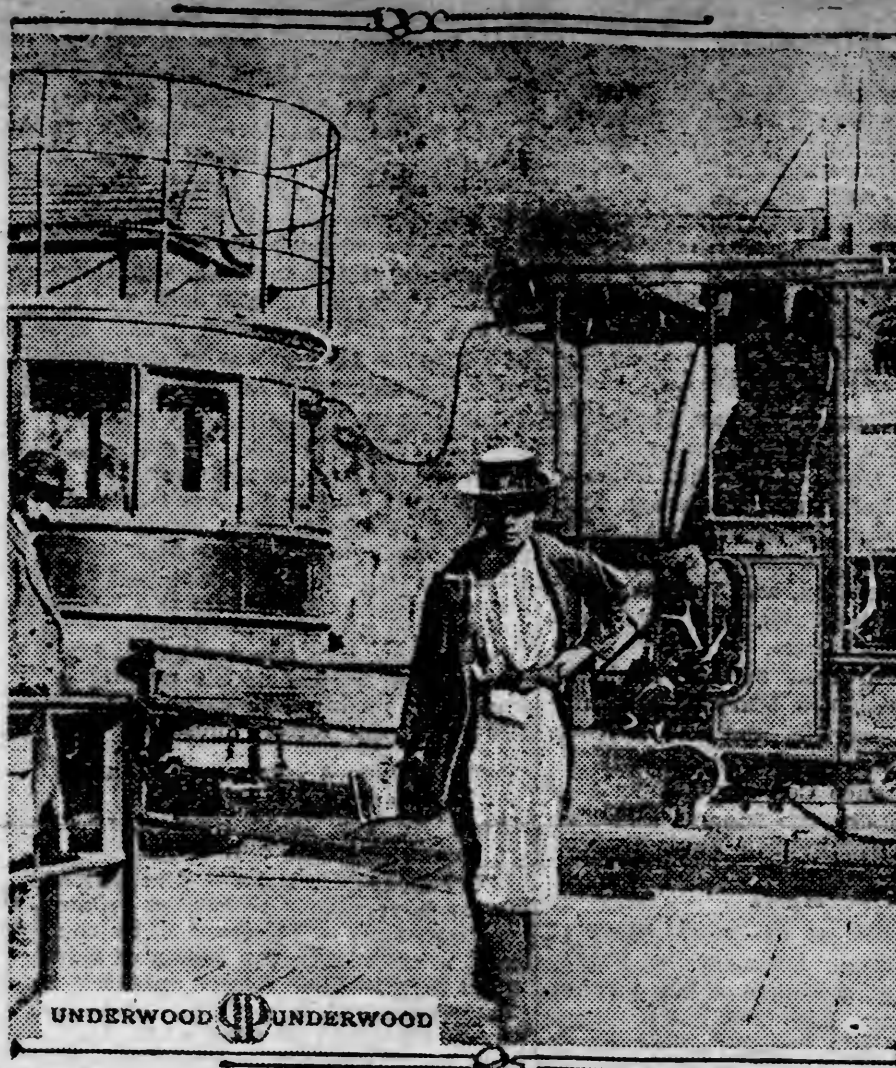

One of the big Paris houses has decided that the fall would not be fall without the coat suit, and so they are declaring with all their might and main that the smart thing is the suit, wrist-length coat, and short tight skirts. Another equally famous house forswears all allegiance to this old standby, and designs nothing but coats and dresses for street wear. So, there in a nutshell you have it, and the advantage is with you, for you are American and can decide for yourself this all-important question. There can be no doubt that the top coat has a place of its own in the wardrobe of the smart woman. If the coat be stylish and becoming of line and color, the dress of last year can be worn with perfect confidence. (That is, if you don't take off your coat!)

A splendid example of an all-embracing, all-covering coat is illustrated here. It is made of fur cloth, with the square collar that is considered so unusually smart. The pocket sections, which give the wide hip effect, can be omitted, thus giving a coat built on straighter lines. As you see, it is full length, and is comfortable in every respect. The large buttons and the contrasting fur cloth for the collar and cuffs are the only trimming necessary.

The Coming-Out of Tucks

There is nothing more attractive than the tiny tucks you find on everything. They are taking the place to a great extent of the hemstitching so much used for the past three or four seasons. Georgette crepe dresses have clusters of these tiny hand-run tucks in the waists, sleeves and skirts. They group themselves on satin collars, near the edges, on crepe de Chine and satin frocks, sometimes completely routing all other trim-

Chili Has Women Conductors, Too

In far away Chili, at the southwestern end of South America, the commercial or civil life has been little affected by the European war. But some war customs are being practiced, and while there is no shortage of men, it is the interesting fact that women are working themselves into many branches of employment hitherto followed only by men. Here is a woman conductor in Valparaiso, one of the great Pacific ports of busy Chili, leaving her car after a trip. There is no explanation why the men have given up railroadin' or why the women have taken it up, but, no doubt, the men have been able to find more lucrative employment in other lines of endeavor.

ming. They must be hand run, and they must be very tiny; otherwise they may be used at discretion, whenever and wherever you please, and the more the merrier. Wider tucks can be found on dresses or serge and satin, running around the skirts, one, two, three and even four and five of them, placed several inches apart. They are usually from one to four inches wide.

Modish Coat Suit on Simple Lines

Braid is a close second this year, and it is used in all widths. Black is preferred, or the color of the suit. One does not often see braid of a contrasting shade on the really distinctive costume. You see, everything is so simple this year, and all more attractive on account of this simplicity.

Dated Autumn, 1917.

News from the suit front declares that coats vary in length from the very short Eton jacket to the long three-quarter length coat. This coat-suit has all the earmarks of the last word in smartness. The long coat, thirty-nine inches in length, has a straight front in one with the shoulder yoke and deep hip pockets. The skirt is two-piece, comparatively narrow (measuring only two yards at the lower edge), and it has a high waistline. Warm in color, it is a real joy, and will appeal to women of taste all over the country.

MRS. SMITH RECOMMENDS CHAMBERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. (adv)

LEXINGTON MAN HELPS IN LANDING 107-LB. FISH.

Mr. Fred Erd, of Lexington, an uncle of Mr. Fred Erd, manager of the Paris Grand Opera House and the Alamo, will be making some of the fishermen look to their laurels if he keeps on doing as he has been doing. Mr. Erd went fishing Saturday afternoon. The Lexington Herald tell the rest, thusly:

"A 107-pound fish tale arrived in Lexington, Sunday. So did the 107-pound fish. Sunday's dinners have finished the fish. But the story, which is of the absolutely true kind, is just beginning, to be greeted by the anglers of the city, most of whom giving up without trying to go it one better.

"It was a cat!" tells Norman H. King, who was one of the fishermen of three that captured the big fish, meaning the variety of fish instead of praising it by a slang exclamation.

Mr. King, Fred Erd and John Dickerson were the three who hooked the heavyweight. The catch was made about half a mile above High Bridge, Saturday afternoon. It took the three men two hours and a half to complete the great catch. The fish was brought back to Lexington and photographed, after which it was sliced up for dinner."

The funeral was held at the Hutchinson Chapel Sunday afternoon at two o'clock. The remains were taken to Flemingsburg yesterday morning, where the interment took place in the Flemingsburg Cemetery at eleven o'clock.

FORMER PARIS MINISTER WANTS TO ENLIST IN ARMY.

The following article regarding the Rev. Peter Robertson, of Cincinnati, is taken from the Cincinnati Commercial-Tribune of a recent date. Rev. Robertson was for two or more years pastor of the Presbyterian (Northern) church in this city, in the building which is now occupied by the George W. Davis establishment. Rev. Robertson was a man of deep convictions and intense loyalty to a cause, and those in Paris who know him best cannot wonder at the patriotism that led him to offer his services to the country. The article is as follows:

Rev. Peter Robertson, D. D., pastor of the Mohawk Presbyterian church, is determined to do his bit in the service of the United States in the war with Germany—if possible, as a soldier assigned to duty as a baker. Not being able to enlist in Cincinnati, Dr. Robertson has taken the matter up with headquarters in Washington, and has secured the assistance of several of his prominent friends in pushing his case. He sent the following letter Tuesday:

"2363 Stratford Avenue, Cincinnati, September 25, 1917.

"Hon. Newton Baker, Secretary of War, Washington, D. C.:

"My Dear Mr. Baker—The United States Government is calling aloud for thousands of bakers, and as that craft is mainly in the hands of Germans in this country, and an evil report was published three months ago of an effort to poison a large body of United States Engineers by means of the bread supply, I presume to say, though father and founder of the above church here, occupying a very large field of usefulness, that I am a full-fledged baker.

"When 14 years of age I served three years in the Adelphi Biscuit and Cake factory, Glasgow, Scotland; learned much of baking by machinery as well as by hand. I added four and a half years to complete my apprenticeship. I worked one year in Glasgow thereafter as a journeyman. I came to Indianapolis and worked there in every department of the trade.

"Coming to this country to obtain an education to enter the Gospel ministry, I baked for a time for the insane asylum of Jacksonville, Ill., while preparing for college. Seventeen barrels of flour a week were used providing for 500 patients, officials, nurses, etc. Seventeen hundred biscuits for breakfast once a week was a requirement, and cakes corresponding. I had no help except a young demented man, and was on my horse and off to school at 9 a. m., after getting up at 3 a. m.

"In view of the above I, with a month's study here and elsewhere of modern methods of baking, ought to be fairly well qualified to serve my adopted country in her hour of need.

either as an underhand or in charge of a baking establishment.

"If I can be given a month to provide for my church and make the study of baking establishments just mentioned, I would consider favorably any proposition you might make me for enlisting as a soldier baker and go abroad at once. I am past usual age, but if I could be spared the usual long drill marches I could take whatever else was necessary of military drill for a soldier baker.

"I am in first-class health and physicians would starve to death if they had to deal with such physical specimens as I am. I am well known here and have asked some persons to whom you are known to size me up and say whether or not I am likely to be competent to render good service to my country in the position to which I aspire in the army. I inclose physicians' certificates. I am, sir, with sincere regard, your obedient servant.

"PETER ROBERTSON."

Attached to the foregoing letter were several from well-known Cincinnati men, also addressed to Secretary Baker, commending Dr. Robertson in the highest terms and declaring his ability to fill any executive or other position to which he may aspire. Two letters from physicians also were inclosed. Dr. C. R. Hefebower's letter says in part: "Dr. Robertson is a man of exceptional executive ability and of the highest practical Christian character. Besides this, he has always had a most exceptional physical constitution, which has enabled him to accomplish a vast amount of useful work. His abilities are such as to commend him to your serious consideration for any post in the service of our government to which he may be called."

A. D. Birchard, M. D., says in his letter: "This is to certify that I have made a careful physical examination of Rev. Peter Robertson and find him physically sound and in good health. I have been his physician for many years and know him to be of good constitution, strong and full of energy and capable of enduring a great deal of hard work."
